

Reference Number: FOI-UON1TGE1-101007597028

Response provided under: Freedom of Information Act

Request:

Whether any heat pumps have been purchased and/or installed by the council in any council owned social housing.

The cost of each heat pump purchased and/or installed in any council owned social housing.

Whether any estimate has been made of long-term savings as a result of installing heat pumps, and what these savings are estimated to be in any council owned social housing.

Response:

Here at Cornwall Housing Ltd we have installed 64 Heat Pumps since 2021. Some installations overlap financial years so it is impossible to break them down further.

The installations have cost an average of £11,986 for installation

Unfortunately we cannot calculate the energy/cost saving due to no records being held of previous systems/energy bills in the designated properties.
